Actor Accountability Salon Online is a rigorous accountability group that supports artists to ignite their career, clearly define and focus their goals, and actively seek holistic fulfillment - all while fostering a supportive community through bi-weekly video conference calls and an exclusive private facebook group.

Actor Accountability Salon meets every other week through an online video forum. All Salons will be recorded, as a reference to members and available for absent members.

Actor Salon Online is an on-going gathering - your membership is monthly, but a six-month minimum commitment is suggested to allow tangible results to be seen and specific goals to be formed. Because this is an online course, Salon is easily accessible to actors all across the US - not just in our flagship cities of LA, New York, and Atlanta.
